August 10, 2018,

Subject: Invitation to District Facilities Committee

From: Lysie Vickery, Board Chair; lvickery@isd221.net
Clark Fear, cfear@youththerapy.com

The Emmett School District is assembling a Facilities Committee to review our current school facilities, capture input from the community, and develop a proposal for how to move forward with a new bond. We are looking to create a committee with broad representation from the schools and community.

We would like to invite you to participate on the Facilities Committee. Please contact Wayne Rush wrush@isd221.net if you would be interested in being on the committee.

Our first meeting will be held Tuesday, August 28, 2018, at the Butte View Complex at 6:00 p.m.

As we have analyzed the March election, we found many competing interests in how to move forward with new or remodeled facilities for the School District. These included:

- Remodel middle & high school and plan for the new high school in the future
- Remodel middle school and build new high school
- Build a new middle school
- Do not want to remodel middle school
- New middle school and remodel the high school
- Build new high school
- Move middle school to domes and build new high school
- Do not want any bond

We look forward to working with the community as we plan for the future of the Emmett School District.

Emmett Ensures Educational Excellence
